

## **Bible Trivia Instructions**

Print the board squares using the print template provided for this activity. Arrange the squares on a board as shown below and in “Bible Trivia Board” provided. Use “Parcheesi” or “Sorry” game pieces or any 4 like game pieces and 4 sets. Divide the members into 4 teams. Roll dice and have the team move one piece the number indicated on the die. Ask a trivia question from the category matching the square the piece lands on. Start a 15 second time count for the team to answer the question. If answered correctly within the time count, continue rolling the die and moving pieces until miss a question. Pieces are moved around the board until all reach the appropriate “Go to Cave” for the team. First team with all pieces in the cave wins.

Rules may be added, such as:

- If a team’s piece lands on another team’s piece, that piece is sent back home.
- Must roll a 7 to get off home square
- Home square is safe and an opponent’s piece may not land on it while team’s piece is on it. If number rolled would put team there, their turn is lost.
- Two of same team’s piece on a square is a block and may not be passed or sent home.
